AIRPORT INFRASTRUCTURE GRANT AGREEMENT**

THIS GRANT AGREEMENT is entered into by the Missouri Highways and Transportation Commission (hereinafter, "Commission") and the City of Clinton (hereinafter, "Sponsor"). Reference will also be made to the Federal Aviation Administration (hereinafter, "FAA") and the Federal Airport Infrastructure Grant ("AIG") Program.

WHEREAS, the FAA has entered a State Block Grant Program (SBGP) Memorandum of Agreement (MOA) with the Commission for the administration of Airport Infrastructure Grant (AIG) funds for airport planning, development, and noise program implementation projects conforming to Public Law (117-58), as permitted under Title 49 United States Code (USC) § 47128 at non-primary airports in the State (covered airports); and

WHEREAS, the Commission, as an approved SBGP participant, has the administrative responsibility to administer AIG Funds for Sponsors of covered airports; and

WHEREAS, the Commission has submitted to the FAA a Block Grant Project Application dated September 5, 2023, for a Grant of Federal funds at or associated with Missouri State Block Grant Program Airports, which is a covered airport in Missouri and is included as part of this AIG State Block Grant Agreement (Grant Agreement);

WHEREAS, the FAA has made a Grant Offer and the Commission has accepted the terms of FAA's Grant Offer; and

WHEREAS, in consideration of the promises, representations and assurances provided by the Commission, the FAA has approved the State Block Grant Project Application to provide AIG Grant funds (herein called the "Grant") to the Commission for eligible and justified projects (herein called the "Projects") for covered airports; and

WHEREAS, the Commission has been selected by FAA to administer federal funds under AIG program; and

WHEREAS, the Sponsor has applied to the Commission for a sub-grant under said program; and

WHEREAS, the Commission has agreed to award funds to the Sponsor with the understanding that such funds will be used for a project pursuant to this Agreement for the purposes generally described as follows:

Reseal and Remark Runway 18/36 and Taxiway B

NOW, THEREFORE, pursuant to and for the purpose of carrying out the Infrastructure Investment and Jobs Act (Public Law 117-58, Division J, Title VIII) of 2021 referred to as the Bipartisan Infrastructure Law (BIL); and the representations contained in the State Block Grant Project Application for AIG Funds; and in consideration of these mutual covenants, promises and representations, the parties agree as follows:

(1) PURPOSE: The purpose of this Agreement is to provide financial assistance under the AIG grant program.

(2) PROJECT TIME PERIOD: The project period shall be from the date of execution by the Commission to December 31, 2024. The Commission's assistant chief engineer may for good cause as shown by the Sponsor in writing extend the project time period.

(3) TITLE EVIDENCE TO EXISTING AIRPORT PROPERTY: The Sponsor shall provide satisfactory evidence to title to all existing airport property and avigation easements and address any and all encumbrances. Satisfactory evidence will consist of the Sponsor's execution of a Certificate of Title form provided by the Commission.

(4) AMOUNT OF GRANT: The initial amount of this grant is not to exceed One Hundred Forty-Six Thousand One Hundred Ninety-Seven Dollars (\$146,197) for eligible preliminary project costs and/or land/easement acquisition. A grant amendment to cover the balance of eligible project costs will be provided after construction bids are received.

(A) The amount of this grant stated above represents ninety percent (90%) of eligible project costs.

(B) The designation of this grant does not create a lump sum quantity contract, but rather only represents the amount of funding available for qualifying expenses. In no event will the Commission provide the Sponsor funding for improvements or work that are not actually performed. The release of all funding under this Agreement is subject to review and approval of all project expenses to ensure that they are qualifying expenses under this program.

(5) AMOUNT OF MATCHING FUNDS: The initial amount of local matching funds to be furnished by the Sponsor is not to exceed Sixteen Thousand Two Hundred Forty-Four Dollars (\$16,244).

(A) The amount of matching funds stated above represents ten (10%) of eligible project costs.

(B) The Sponsor warrants to the Commission that it has sufficient cash on deposit to provide the local matching funds identified above, as well as to cover one hundred percent (100%) of any ineligible items included in the scope of work.

(6) ALLOWABLE COSTS: AIG grant funds shall not be used for any costs that the Commission and/or the FAA has determined to be ineligible or unallowable in accordance with 49 USC Chapters 471 and 475. The Sponsor must not include any costs in the projects funded with this Grant that are ineligible or unallowable in accordance with Public Law 117-58, Division J, Title VIII.

(7) WITHDRAWAL OF GRANT OFFER: The Commission reserves the right to amend or withdraw this grant offer at any time prior to its acceptance by the Sponsor.

(8) EXPIRATION OF GRANT OFFER: This grant offer shall expire, and the Commission shall not be obligated to pay any part of the costs of the project unless this grant Agreement has been executed by the Sponsor on or before November 30, 2024, or such subsequent date as may be prescribed in writing by the Commission.

(9) FEDERAL SHARE OF COSTS: The United States' share of the allowable project costs will be made in accordance with 49 USC §47109, the regulations, the Secretary of Transportation's ("Secretary's") policies and procedures and the Act(s) reference above, as may be applicable. Final determination of the United States' share will be based upon the final audit of the total amount of allowable project costs, and settlement will be made for any upward or downward adjustments to the Federal share of costs.

(10) COMPLETING THE PROJECT WITHOUT DELAY AND IN CONFORMANCE WITH REQUIREMENTS: The Sponsor must assure, the project is carried out and completed without undue delays and in accordance with this Agreement, applicable laws including but not limited to BIL (Public Law 117-58), statutes, and regulations, and the Secretary's policies and procedures. Per 2 CFR § 200.308, the Sponsor agrees, to report to the Commission any disengagement from funding eligible expenses under this Agreement and any subgrants hereto that exceed three (3) months or a twenty percent (25%) reduction in time devoted to the project and request prior approval from the Commission. The report must include a reason for the stoppage. The Sponsor agrees, to comply with the attached assurances, which are part of this Agreement. These assurances, conditions, and any addendums apply to subgrants issued under this Agreement.

(11) RECOVERY OF FEDERAL FUNDS: The Sponsor shall take all steps, including litigation, if necessary, to recover Federal funds spent fraudulently, wastefully, or in violation of Federal antitrust statutes, or misused in any other manner for any project(s) upon which Federal funds have been expended. For the purpose of this Grant Agreement, the term "Federal funds" means funds however used or disbursed by the Sponsor, that were originally paid pursuant to this or any other Federal grant agreement(s). The Sponsor must obtain the approval of the Commission as to any determination of the amount of the Federal share of such funds. The Sponsor must return the recovered Federal share, including funds recovered by settlement, order, or judgment, to the Commission. The Sponsor must furnish to the Commission, upon request, all documents and records pertaining to the determination of the amount of the Federal share

or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the Sponsor, in court or otherwise, involving the recovery of such Federal share shall be approved in advance by the Commission.

(12) UNITED STATES NOT LIABLE FOR DAMAGE OR INJURY: The United States is not responsible or liable for damage to property or injury to persons that may arise from, or be incident to, compliance with this Agreement or subgrants issued under this Agreement, including, but not limited to, any action taken by a Sponsor related to or arising from, directly or indirectly, this Agreement.

(13) PAYMENT: Payments to the Sponsor are made on an advance basis. The Sponsor may request incremental payments during the course of the project or lump sum payments upon completion of the work. However, this advance payment is subject to the limitations imposed by subparagraph (13)(B) of this Agreement.

(A) The Sponsor may request payment at any time subsequent to the execution of this Agreement by both parties. Requests for reimbursement shall be supported with invoices. After the Sponsor pays incurred costs, copies of checks used to pay providers must be submitted to the Commission.

(B) It is understood and agreed by and between the parties that the Commission shall make no payment which could cause the aggregate of all payments under this Agreement to exceed ninety percent (90%) of the maximum federal obligation stated in this Agreement or eighty-six percent (86%) of actual total eligible project cost, whichever is lower, until the Sponsor has met and/or performed all requirements of this grant Agreement to the satisfaction of the Commission. The final ten percent (10%) of the maximum federal obligation stated in this Agreement shall not be paid to the Sponsor until the Commission has received and approved all final closeout documentation for the project.

(C) Within ninety (90) days of final inspection of the project funded under this Agreement, the Sponsor shall provide to the Commission a final payment request and all financial, performance and other reports as required by the conditions of this Agreement, with the exception of the final audit report. This report shall be provided when the Sponsor's normal annual audit is completed.

(D) When force account or donations are used, the costs for land, engineering administration, in-kind labor, equipment and materials, etc., may be submitted in letter form with a breakdown of the number of hours and the hourly charges for labor and equipment. Quantities of materials used, and unit costs must also be included. All force account activity, donations, etc., must be pre-approved by the Commission to ensure eligibility for funding.

(14) ADMINISTRATIVE/AUDIT REQUIREMENTS: This grant shall be governed by the administrative and audit requirements as prescribed in 2 CFR Part 200.

(A) If the Sponsor expends Seven Hundred Fifty Thousand Dollars (\$750,000) or more in a year in federal financial assistance, it is required to have an independent annual audit conducted in accordance with 2 CFR Part 200. A copy of the audit report shall be submitted to the Missouri Department of Transportation (hereinafter, "MoDOT") within the earlier of thirty (30) days after receipt of the auditor's report or nine (9) months after the end of the audit period. Subject to the requirements of 2 CFR Part 200, if the Sponsor expends less than Seven Hundred Fifty Thousand Dollars (\$750,000) in a year, the Sponsor may be exempt from auditing requirements for that year, but records must be available for review or audit by applicable state and federal authorities.

(B) When the Sponsor's normal annual audit is completed, the Sponsor shall provide to the Commission a copy of an audit report that includes the disposition of all federal funds involved in this project.

(C) In the event a final audit has not been performed prior to the closing of the grant, the Commission retains the right to recover any appropriate amount of funding after fully considering interest accrued or recommendations on disallowed costs identified during the final audit.

(D) The Commission reserves the right to conduct its own audit of the Sponsor's records to confirm compliance with grant requirements and to ensure that all costs and fees are appropriate and acceptable.

(16) LEASES/AGREEMENTS: The Sponsor shall ensure that its lease agreements provide for fair market value income and prohibit exclusive rights.

(A) Long term commitments (longer than five (5) years) must provide for renegotiation of the leases'/agreements' terms and payments at least every five (5) years.

(B) Leases/agreements shall not contain provisions that adversely affect the Sponsor's possession and control of the airport or interfere with the Sponsor's ability to comply with the obligations and covenants set forth in this grant Agreement.

Any lack of progress that significantly endangers substantial performance of the project within the specified time shall be deemed a violation of the terms of this Agreement. The determination of lack of progress shall be solely within the discretion of the Commission. Once such determination is made, the Commission shall so notify the Sponsor in writing. Termination of any part of the grant will not invalidate obligations properly incurred by the Sponsor prior to the date of termination.

(B) The Commission shall have the right to suspend funding of the project at any time and for so long as the Sponsor fails to substantially comply with all the material terms and conditions of this Agreement. If the Commission determines that substantial noncompliance cannot be cured within thirty (30) days, then the Commission may terminate the funding for the project. If the Sponsor fails to perform its obligations in substantial accordance with the Agreement (except if the project has been terminated for the convenience of the parties) and the FAA requires the Commission to repay grant funds that have already been expended by the Sponsor, then the Sponsor shall repay the Commission such federal funds.

(A) Verify the non-federal entity is eligible to participate in this Federal program by:

1. Checking the excluded parties list system (EPLS) as maintained within the System for Award Management (SAM) to determine if non-federal entity is excluded or disqualified; or

2. Collecting a certification statement from the non-federal entity attesting they are not excluded or disqualified from participating; or

3. Adding a clause or condition to covered transactions attesting individual or firm are not excluded or disqualified from participating; and

(B) Require prime contractors to comply with 2 CFR §180.330 when entering into lower-tier transactions (e.g., subcontracts).

(39) SYSTEM FOR AWARD MANAGEMENT REGISTRATION AND UNIQUE ENTITY IDENTIFIER:

(A) Requirement for System for Award Management (SAM): Unless the Sponsor is exempted from this requirement under 2 CFR 25.110, the Sponsor must maintain the currency of its information in SAM until the Commission submits the final financial report required under this grant, or receives the final payment, whichever is later. This requires that the Commission review and update, and will require the Sponsor to review and update, the information at least annually after the initial registration and more frequently if required by changes in information or another award term. Additional information about registration procedures may be found at the SAM website (currently at

<http://www.sam.gov>).

(B) Unique Entity Identifier (UEI) means a twelve (12) character alphanumeric value used to identify a specific commercial, nonprofit or governmental entity. A UEI may be obtained from SAM.gov at <https://sam.gov/SAM/pages/public/index.jsf>.

(40) FINANCIAL REPORTING AND PAYMENT REQUIREMENTS: The Sponsor will comply with all federal financial reporting requirements and payment requirements, including submittal of timely and accurate reports.

(41) EMPLOYEE PROTECTION FROM REPRISALS:

(A) Prohibition of Reprisals: In accordance with 41 USC §4712, an employee of the Sponsor, contractor, or subcontractor may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in subparagraph (41)(B) information that the employee reasonably believes is evidence of:

1. Gross mismanagement of a federal grant;
2. Gross waste of federal funds;
3. An abuse of authority relating to implementation or use of federal funds;
4. A substantial and specific danger to public health or safety; or
5. A violation of law, rule, or regulation related to a federal grant.

(B) PERSONS AND BODIES COVERED: The persons and bodies to which a disclosure by an employee is covered are as follows:

1. A member of Congress or a representative of a committee of Congress;
2. An Inspector General;
3. The Government Accountability Office;
4. A federal office or employee responsible for oversight or management at the relevant agency;
5. A court or grand jury;
6. A management official of the grantee or subgrantee; or

7. A federal or state regulatory enforcement agency.

(C) SUBMISSION OF COMPLAINT: A person who believes that they have been subjected to a reprisal prohibited by subparagraph (41)(A) of this Agreement may submit a complaint regarding the reprisal to the Office of Inspector General for the USDOT.

(D) TIME LIMITATION FOR SUBMITTAL OF A COMPLAINT: A complaint may not be brought under this subsection more than three (3) years after the date on which the alleged reprisal took place.

(E) REQUIRED ACTIONS OF THE INSPECTOR GENERAL: Actions, limitations, and exceptions of the Inspector General's office are established under 41 USC §4712(b).

(F) ASSUMPTION OF RIGHTS TO CIVIL REMEDY: Upon receipt of an explanation of a decision not to conduct or continue an investigation by the Office of Inspector General, the person submitting a complaint assumes the right to a civil remedy under 41 USC §4712(c).

(42) AIRPORT LAYOUT PLAN: All improvements must be consistent with a current and approved Airport Layout Plan (ALP). The Sponsor shall update and keep the ALP drawings and corresponding narrative report current with regard to FAA standards and physical or operational changes at the airport.

(A) ALP approval shall be governed by FAA Order 5100.38, entitled "Airport Improvement Program Handbook."

(B) If ALP updates are required as a result of this project, the Sponsor understands and agrees to update the ALP to reflect the construction to standards satisfactory to the Commission and submit it in final form to the Commission. It is further mutually agreed that the reasonable cost of developing said ALP Map is an allowable cost within the scope of this project. Airport Sponsor Grant Assurance 29 further addresses the Sponsor's statutory obligations to maintain an ALP in accordance with 49 USC §47107(a)(16).

(C) The Sponsor has made available to (or will make available to) and has provided (or will provide) upon request to the metropolitan planning organization, if any, in the area in which the Airport is located, a copy of the proposed ALP or ALP amendment to depict the project and a copy of any airport master plan in which the project is described or depicted.

(43) AIRPORT PROPERTY MAP: The Sponsor shall develop (or update), as a part of the ALP, a drawing which indicates how various tracts/parcels of land within the airport's boundaries were acquired (i.e., federal funds, surplus property, local funds only, etc.). Easement interests in areas outside the fee property line shall also be included. A

screened reproducible of the Airport Layout Drawing may be used as the base for the property map.

(44) ENVIRONMENTAL IMPACT EVALUATION: The Sponsor shall evaluate the potential environmental impact of this project per the current version of FAA Order 5050.4, entitled "National Environmental Policy Act Implementing Instructions for Airport Actions." Evaluation must include coordination with all resource agencies that have jurisdiction over areas of potential environmental impact and a recommended finding such as categorical exclusion, no significant impact, level of impact and proposed mitigation, etc.

(45) EXHIBIT "A" PROPERTY MAP: The Exhibit "A" Property Map accepted by the Commission on July 30, 2019, is incorporated herein by reference.

(46) SOLID WASTE RECYCLING PLAN: The Sponsor certifies that it has a solid waste recycling plan as part of an existing Airport Master Plan, as prescribed by 49 USC §47106(a)(6).

(47) RUNWAY PROTECTION ZONE: The Sponsor agrees to take the following actions to maintain and/or acquire a property interest, satisfactory to the Commission and the FAA, in the Runway Protection Zones:

(A) EXISTING FEE TITLE INTEREST IN THE RUNWAY PROTECTION ZONE: The Sponsor agrees to prevent the erection or creation of any structure, place of public assembly or other use in the Runway Protection Zone, as depicted on the Exhibit "A" Property Map and the approved ALP, except for NAVAIDS that are fixed by their functional purposes or any other structure permitted by the Commission and the FAA. The Sponsor further agrees that any existing structures or uses within the Runway Protection Zone will be cleared or discontinued by the Sponsor unless approved by the Commission and the FAA.

(B) EXISTING EASEMENT INTEREST IN THE RUNWAY PROTECTION ZONE: The Sponsor agrees to take any and all steps necessary to ensure that the owner of the land within the designated Runway Protection Zone will not build any structure in the Runway Protection Zone that is an airport hazard or which might create glare or misleading lights or lead to the construction of residences, fuel handling and storage facilities, smoke generating activities, or places of public assembly, such as churches, schools, office buildings, shopping centers, and stadiums.

(C) INTEREST IN THE RUNWAY PROTECTION ZONE: The Sponsor agrees that it will make every effort to acquire fee title or easement in the Runway Protection Zones for runways that presently are not under its control within five (5) years of this grant agreement. The Sponsor further agrees to prevent the erection or creation of any structure or place of public assembly in the Runway Protection Zone, except for NAVAIDS that are fixed by their functional purposes or any other structure approved by the Commission and the FAA. The Sponsor further agrees that any existing structures or

uses within the Runway Protection Zone will be cleared or discontinued by the Sponsor unless approved by the Commission and the FAA.

(48) ENGINEER'S DESIGN REPORT: Prior to development of the plans and specifications, the Sponsor shall provide an engineer's report setting forth the general analysis and explanation of reasons for design choices. Said report shall include an itemized cost estimate, design computations, reasons for selections and modifications, comparison of alternatives, life cycle cost analysis, geotechnical report and any other elements that support the engineer's final plans and specifications.

(49) GEOMETRIC DESIGN CRITERIA: The Sponsor shall use the geometric design criteria promulgated by the FAA in the AC series and in FAA Orders. The Sponsor may request and receive approval for adaptation of said criteria where the FAA and the Commission concur that such adaptation is appropriate considering safety, economy and efficiency of operation.

(50) PLANS, SPECIFICATIONS AND ESTIMATES: The plans and construction specifications for this project shall be those promulgated by the FAA in the AC series and in FAA Orders.

(A) The plans shall include a safety plan sheet to identify work areas, haul routes, staging areas, restricted areas, construction phasing, shutdown schedule etc., and to specify the requirements to ensure safety during construction.

(B) The Sponsor shall submit all plans, specifications and estimates to the Commission for review and acceptance prior to advertising for bids for construction. The Commission and the Sponsor agree that the Commission approval of the Sponsor's Plans and Specifications is based primarily upon the Sponsor's certification to carry out the project in accordance with policies, standards, and specifications approved by the FAA. The Sponsor understands that:

(C) The Sponsor's certification does not relieve the Sponsor of the requirement to obtain prior Commission and FAA approval for modifications to any AIP or supplemental appropriation standards or to notify the Commission of any limitations to competition within the project;

(D) The Commission's acceptance of a Sponsor's certification does not limit the Commission from reviewing appropriate project documentation for the purpose of validating the certification statements; and

(E) If the Commission determines that the Sponsor has not complied with its certification statements, the Commission will review the associated project costs to determine whether such costs are allowable under AIP or supplemental appropriation.

(51) CONSTRUCTION OBSERVATION/INSPECTION REQUIREMENTS: In conjunction with submittal of the construction bid tabulation, the Sponsor shall provide a

construction observation/inspection program setting forth a format for accomplishment of resident observation, construction inspection and overall quality assurance.

(52) CONSTRUCTION PROGRESS AND INSPECTION REPORTS: The Sponsor shall provide and maintain adequate, competent and qualified engineering supervision and construction inspection at the project site during all stages of the work to ensure that the completed work conforms with the project plans and specifications. Project oversight by the Commission's project manager or other personnel does not relieve the Sponsor of this responsibility.

(A) The Sponsor shall require the resident project representative to keep daily construction records and shall submit to the Commission a weekly construction progress and inspection report on the FAA Form 5370-1 ("Construction Project and Inspection Report"), completed by the resident project representative. A weekly summary of tests completed shall be included.

(B) Prior to final acceptance, the Sponsor shall provide to the Commission a testing summary report bearing the engineer's seal and including a certification from the engineer that the completed project is in compliance with the plans and specifications.

(53) WAGE LAWS: The Sponsor and its contractors and subcontractors shall pay the prevailing hourly rate of wages for each craft or type of worker required to execute this project work as determined by the Department of Labor and Industrial Relations of Missouri, and they shall further comply in every respect with the minimum wage laws of Missouri and the United States. Federal wage rates under the Davis-Bacon or other federal acts apply to and govern this Agreement also for such work which is performed at the jobsite, in accord with 29 CFR Part 5. Thus, this Agreement is subject to the "Contract Work Hours and Safety Standards Act", as amended (40 USC §327, *et seq.*), and its implementing regulations. The Sponsor shall take the acts which may be required to fully inform itself of the terms of, and to comply with, state and federal laws.

(54) COMPETITIVE SELECTION OF CONTRACTOR: Construction that is to be accomplished by contract is to be competitively bid in accordance with federal procurement requirements, located at 49 CFR Part 18. Bid notices should be published in a qualified (local or area) newspaper or other advertisement publication located in the same county as the airport project as a minimum.

(55) REVIEW OF BIDS AND CONTRACT AWARD: The Commission shall review all contractors' bids and approve the selection of the apparent successful bidder prior to the Sponsor awarding the construction contract.

(56) NOTICE TO PROCEED: After the Commission receives copies of the executed construction contract between the Sponsor and the contractor, the performance and payment bonds and any other documentation as required by this Agreement, the Commission will authorize the Sponsor to issue a notice to proceed with construction.

(A) Notice to proceed shall not be issued until the Sponsor has provided satisfactory evidence of acceptable title to the land on which construction is to be performed. Ownership status of existing airport property as well as any land or easements acquired under this project must be included in a Certificate of Title tied to a current Exhibit "A" property map.

(B) The Sponsor shall issue a notice to the contractor within ten (10) days of authorization by the Commission, unless otherwise approved by the Commission.

(C) Any construction work performed prior to the Sponsor's issuance of a Notice to Proceed shall not be eligible for funding participation.

(57) DISADVANTAGED BUSINESS ENTERPRISES (DBEs)-CONSTRUCTION: The Sponsor shall notify prospective bidders that DBEs will be afforded full and affirmative opportunity to submit bids in response to the invitation and will not be discriminated against on grounds of race, color, sex, or national origin in consideration for an award.

(A) The goal for this project to be awarded to DBE firms shall be established by the Commission based on the engineer's construction cost estimate included in the design report. The goal will be a percentage of the federal portion of the contract costs less the amount expended for land, easements, the Sponsor's in-house administration, force account work and any noncontractual costs. Failure to meet the DBE goal can render a bid proposal nonresponsive at the Commission's discretion.

(B) The Sponsor shall conduct field reviews and interviews with workers to ensure that the portion of the work identified in the construction contract to be performed by DBE firms is so performed. Results of these interviews shall be submitted to the Commission with the weekly construction progress reports.

(58) LABOR STANDARDS INTERVIEWS: The Sponsor shall conduct periodic random interviews with the workers to assure that they are receiving the established prevailing wages. Results of these interviews shall be submitted to the Commission with the weekly construction progress reports.

(59) AIR AND WATER QUALITY: The Sponsor is required to comply with all applicable air and water quality standards for the project. If the Sponsor fails to comply with this requirement, the Commission may suspend, cancel, or terminate this Agreement.

(60) FILING NOTICE OF LANDING AREA PROPOSAL: When a project involving changes to the runway will be implemented at an airport, the Sponsor must submit FAA Form 7480-1 ("Notice of Landing Area Proposal") to the FAA not less than one hundred twenty (120) days prior to commencement of any construction or alteration. A copy of the form as filed with the FAA and the FAA airspace determination letter must

be provided to the Commission. This form must be submitted for any projects that involve the widening, lengthening or reconstruction of an existing runway or construction of a new runway. When the funded project is strictly a master plan/site selection, this form will be submitted for the final three (3) proposed sites prior to development of the ALP.

(61) FILING NOTICE OF PROPOSED CONSTRUCTION OR ALTERATION: When a development project that does not involve changes to the runway will be implemented at an airport, the Sponsor must submit FAA Form 7460-1 ("Notice of Proposed Construction of Alteration") to the FAA not less than one hundred twenty (120) days prior to commencement of any construction or alteration. A copy of the form as filed with the FAA and the FAA airspace determination letter must be provided to the Commission. This form must be submitted for construction of any permanent structures on the airport, temporary structures over twenty feet (20') in height or use of construction equipment over twenty feet (20') tall. It is not necessary for routine construction projects unless they include above ground installations.

(62) CHANGE ORDERS/SUPPLEMENTAL AGREEMENTS: All change orders/supplemental agreements must be submitted to the Commission for approval prior to implementation to ensure funding eligibility. Requests for additional work for items not included in the original bid must be accompanied by a cost analysis to substantiate the proposed costs.

(63) RESPONSIBILITY FOR PROJECT SAFETY: During the full term of the project, the Sponsor shall be responsible for the installation of any signs, markers, or other devices required for the safety of the public. All markers or devices required shall conform with all applicable FAA regulations or specifications.

(A) The Sponsor shall ensure that a safety plan is included in the contract documents and that the Contractor complies with the safety plan during construction.

(B) It is also the responsibility of the Sponsor to issue, through the applicable FAA Flight Service Station, any and all Notices to Airmen that may be required. Copies of notices shall also be sent to the Commission as soon as they are filed with the FAA.

(64) RECORD DRAWINGS: The Sponsor shall provide one (1) set of digital as-built construction plans and one (1) set of digital and one (1) paper set of the updated ALP with a narrative report to the Commission upon project completion. The Sponsor understands and agrees to update the ALP to reflect the construction to standards satisfactory to the Commission and submit it in final form to the Commission. It is further mutually agreed that the reasonable cost of developing said ALP Map is an allowable cost within the scope of this project. The Commission will forward one (1) digital set of the approved updated ALP to the FAA Central Region office.

(65) PROHIBITED TELECOMMUNICATIONS: The Sponsor agrees to comply

with mandatory standards and policies relating to use and procurement of certain telecommunications and video surveillance services or equipment in compliance with the National Defense Authorization Act [Public Law 115-232 § 889(f)(1)] and 2 CFR § 200.216.

(66) BUY AMERICAN: Unless otherwise approved in advance by the FAA, in accordance with 49 U.S.C. § 50101, the State and Sponsor will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured goods produced outside the United States to be used for any project for which funds are provided under this Grant. The State and Sponsor will include a provision implementing Buy American in every contract.

(67) BUILD AMERICA, BUY AMERICA: The Sponsor must comply with the requirements under the Build America, Buy America Act (Public Law 117-58).

(68) SPECIAL CONDITIONS: The following special conditions are hereby made part of this Agreement:

(A) AIRPORT LAYOUT PLAN: The Sponsor understands and agrees to update the Airport Layout Plan to reflect the construction to standards satisfactory to the FAA and submit it in final form to the Commission or the FAA, as described by 49 § 47107(a)(16). It is further mutually agreed that the reasonable cost of developing said Airport Layout Plan Map is an allowable cost within the scope of a project funded under this Grant Agreement, if applicable. Airport Sponsors Grant Assurance 29 further addresses the Sponsor's statutory obligations to maintain an airport layout plan in accordance with 40 U.S.C. § 47107(a)(16).

(B) LIGHTING: The Sponsor must operate and maintain the lighting system during the useful life of the system in accordance with applicable FAA standards.

(C) INSTRUMENT LANDING SYSTEM AND ASSOCIATED EQUIPMENT IN PROJECT: The Sponsor agrees:

1. Prior to commissioning, to assure the equipment meets the FAA's standards; and

2. To remove, relocate, lower, mark, or light each obstruction to obtain a clear approach as indicated in the 14 CFR Part 77 aeronautical survey.

(D) MASTER PLAN COORDINATION: The Sponsor agrees to coordinate this master planning study with metropolitan planning organizations, other local planning agencies, and with the State Airport System Plan prepared by the State's Department of Transportation and consider any pertinent information, data, projections, and forecasts which are currently available or as will become available. The State and Sponsor agree to consider any State Clearinghouse comments and to furnish a copy of the final report to the State's Department of Transportation.

(E) AIRPORT LAYOUT PLAN COORDINATION: The Sponsor has made available to (or will make available to) and has provided (or will provide) upon request to the metropolitan planning organization, if any, in the area in which the airport is located, a copy of the proposed airport layout plan (ALP) or ALP amendment to depict the project and a copy of any airport master plan in which the project is described or depicted.

(F) PAVEMENT MAINTENANCE MANAGEMENT PROGRAM: The Sponsor agrees to implement an effective airport pavement maintenance management program as required by Airport Sponsors Grant Assurance 11, Pavement Preventive Maintenance–Management, which is codified at 49 U.S.C. § 47105(e). The Sponsor agrees that it will use the program for the useful life of any pavement constructed, reconstructed, rehabilitated, or repaired with Federal financial assistance at the airport. The Sponsor further agrees, that the program will:

1. Follow the current version of FAA Advisory Circular 150/5380–6, "Guidelines and Procedures for Maintenance of Airport Pavements," for specific guidelines and procedures for maintaining airport pavements, establishing an effective maintenance program, specific types of distress and its probable cause, inspection guidelines, and recommended methods of repair;

2. Detail the procedures to be followed to assure that proper pavement maintenance, both preventive and repair, is performed;

3. Include a Pavement Inventory, Inspection Schedule, Record Keeping, Information Retrieval, and Reference, meeting the following requirements:

A. Pavement Inventory. The following must be depicted in an appropriate form and level of detail:

I. Location of all runways, taxiways, and aprons;

II. Dimensions;

III. Type of pavement; and

IV. Year of construction or most recent major reconstruction, rehabilitation, or repair.

B. Inspection Schedule.

I. Detailed Inspection. A detailed inspection must be performed at least once a year. If a history of recorded pavement deterioration is available, i.e., Pavement Condition Index (PCI) survey as set forth in the current version of Advisory Circular 150/5380–6, the frequency of inspections may be extended to three

years.

II. Drive-By Inspection. A drive-by inspection must be performed a minimum of once per month to detect unexpected changes in the pavement condition. For drive-by inspections, the date of inspection and any maintenance performed must be recorded.

C. Record Keeping. Complete information on the findings of all detailed inspections and on the maintenance performed must be recorded and kept on file for a minimum of five years. The type of distress, location, and remedial action, scheduled or performed, must be documented. The minimum information is:

- I. Inspection date;
- II. Location;
- III. Distress types; and
- IV. Maintenance scheduled or performed.

D. Information Retrieval System. The Sponsor must be able to retrieve the information and records produced by the pavement survey to provide a report to the FAA as may be required.

(G) PROJECT CONTAINING PAVING WORK IN EXCESS OF \$500,000: The Sponsor agrees to:

1. Furnish a construction management program to the Commission prior to the start of construction which details the measures and procedures to be used to comply with the quality control provisions of the construction contract, including, but not limited to, all quality control provisions and tests required by the Federal specifications. The program must include as a minimum:

A. The name of the person representing the Sponsor who has overall responsibility for contract administration for the project and the authority to take necessary actions to comply with the contract;

B. Names of testing laboratories and consulting engineer firms with quality control responsibilities on the project, together with a description of the services to be provided;

C. Procedures for determining that the testing laboratories meet the requirements of the ASTM International standards on laboratory evaluation referenced in the contract specifications (i.e., ASTM D 3666, ASTM C 1077);

D. Qualifications of engineering supervision and

construction inspection personnel;

E. A listing of all tests required by the contract specifications, including the type and frequency of tests to be taken, the method of sampling, the applicable test standard, and the acceptance criteria or tolerances permitted for each type of test; and

F. Procedures for ensuring that the tests are taken in accordance with the program, that they are documented daily, and that the proper corrective actions, where necessary, are undertaken.

2. Submit at completion of the project, a final test and quality assurance report documenting the summary results of all tests performed; highlighting those tests that indicated failure or that did not meet the applicable test standard. The report must include the pay reductions applied and the reasons for accepting any out-of-tolerance material. Submit interim test and quality assurance reports when requested by the State or FAA.

3. Failure to provide a complete report as described above or failure to perform such tests, will, absent any compelling justification, result in a reduction in Federal participation for costs incurred in connection with construction of the applicable pavement. Such reduction will be at the discretion of the FAA and will be based on the type or types of required tests not performed or not documented and will be commensurate with the proportion of applicable pavement with respect to the total pavement constructed under the Grant Agreement.

4. The Commission, at its discretion, reserves the right to conduct independent tests and to reduce grant payments accordingly if such independent tests determine that Sponsor test results are inaccurate.

(H) MAINTENANCE PROJECT LIFE: The Sponsor agrees that pavement maintenance is limited to those aircraft pavements that are in sufficiently sound condition that they do not warrant more extensive work, such as reconstruction or overlays in the immediate or near future. The State and Sponsor further agree that Airport Improvement Program (AIP), AIG, or supplemental appropriation funding for the pavements maintained under this project will not be requested for more substantial type rehabilitation (more substantial than periodic maintenance) for a 5 year period following the completion of this project unless the FAA determines that the rehabilitation or reconstruction is required for safety reasons.

(I) PROTECTION OF RUNWAY PROTECTION ZONE - AIRPORT PROPERTY: The Sponsor agrees to prevent the erection or creation of any structure, place of public assembly, or other use in the Runway Protection Zone, as depicted on the Exhibit "A": Property Map, except for Navigational Aids (NAVAIDS) that are fixed by their functional purposes or any other structure permitted by the FAA. The Sponsor further agrees that any existing structures or uses within the Runway Protection Zone will be

cleared or discontinued by the Sponsor unless approved by the Commission.

(J) PROTECTION OF RUNWAY PROTECTION ZONE – EASEMENT:

The Sponsor, under the easement, agree to take any and all steps necessary to ensure that the owner of the land within the designated Runway Protection Zone will not build any structure in the Runway Protection Zone that is an airport hazard or which might create glare or misleading lights or lead to the construction of residences, fuel handling and storage facilities, smoke generating activities, or places of public assembly, such as churches, schools, office buildings, shopping centers, and stadiums.

(K) PLANS AND SPECIFICATIONS APPROVAL BASED UPON CERTIFICATION: The Sponsor agrees that the Commission's approval of the Sponsor's Plans and Specification is based primarily upon the Sponsor's certification to carry out the project in accordance with policies, standards, and specifications approved by the Commission. The Sponsor understands that:

1. The Sponsor's certification does not relieve the Sponsor of the requirement to obtain prior Commission approval for modifications to published FAA airport development grant standards or to notify the Commission of any limitations to competition within the project;

2. The Commission's acceptance of Sponsor's certification does not limit the Commission from reviewing appropriate project documentation for the purpose of validating the certification statements; and

3. If the Commission determines that the Sponsor has not complied with its certification statements, the Commission will review the associated project costs to determine whether such costs are allowable under this Grant.

(L) BUY AMERICAN EXECUTIVE ORDERS: The Sponsor agrees to abide by applicable Executive Orders in effect at the time this Grant Agreement is executed, including Executive Order 14005, Ensuring the Future Is Made in All of America by All of America's Workers.

(M) LEADED FUEL: FAA Reauthorization Act of 2024 (P.L. 118-63) Section 770 "Grant Assurances" requires airports that made 100-octane low lead aviation gasoline (100LL) available, any time during calendar year 2022, to not prohibit or restrict the sale, or self-fueling, of such aviation gasoline. This requirement remains until the earlier of 2030, or the date on which the airport or any retail fuel seller at the airport makes available an authorized unleaded aviation gasoline replacement for 100LL meeting, either and industry consensus standard or other standard that facilitates the safe use, production, and distribution of such unleaded aviation gasoline as deemed appropriate by the Administrator. The Sponsor understands and agrees, that any violations are subject to civil penalties.

IN WITNESS WHEREOF, the parties have entered into and accepted this Agreement on the last date written below.

#### **SPECIFIC ASSURANCES**

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this Grant Agreement.

#### **2. Responsibility and Authority of the Sponsor.**

a. **Public Agency Sponsor:**

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. **Private Sponsor:**

It has legal authority to apply for this Grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this Grant Agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

#### **3. Sponsor Fund Availability.**

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this Grant Agreement which it will own or control.

#### **4. Good Title.**

- a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.
- b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

#### **5. Preserving Rights and Powers.**

- a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this Grant Agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

- b. Subject to the FAA Act of 2018, Public Law 115-254, Section 163, it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this Grant Agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this Grant Agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this Grant Agreement.
- c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.
- d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.
- e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.
- f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to ensure that the airport will be operated and maintained in accordance with Title 49, United States Code, the regulations and the terms, conditions and assurances in this Grant Agreement and shall ensure that such arrangement also requires compliance therewith.
- g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of 49 U.S.C. § 47107(s) and the sponsor assurances.

**6. Consistency with Local Plans.**

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

**7. Consideration of Local Interest.**

It has given fair consideration to the interest of communities in or near where the project may be located.

**8. Consultation with Users.**

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

**9. Public Hearings.**

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

**10. Metropolitan Planning Organization.**

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

**11. Pavement Preventive Maintenance.**

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

**12. Terminal Development Prerequisites.**

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under 49 U.S.C. § 44706, and all the security equipment required by rule or regulation, and has provided for access to the passenger

enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

**13. Accounting System, Audit, and Record Keeping Requirements.**

- a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.
- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

**14. Minimum Wage Rates.**

It shall include, in all contracts in excess of \$2,000 for work on any projects funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor under 40 U.S.C. §§ 3141-3144, 3146, and 3147, Public Building, Property, and Works), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

**15. Veteran's Preference.**

It shall include in all contracts for work on any project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in 49 U.S.C. § 47112. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

**16. Conformity to Plans and Specifications.**

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this Grant Agreement, and, upon approval of the Secretary, shall be incorporated into this Grant Agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this Grant Agreement.

#### **17. Construction Inspection and Approval.**

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

#### **18. Planning Projects.**

In carrying out planning projects:

- a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.
- b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.
- c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.
- d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.
- e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.
- f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.
- g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.
- h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

#### **19. Operation and Maintenance.**

- a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere

with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:

1. Operating the airport's aeronautical facilities whenever required;
  2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
  3. Promptly notifying aviators of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.
- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

**20. Hazard Removal and Mitigation.**

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

**21. Compatible Land Use.**

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

**22. Economic Nondiscrimination.**

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to:

1. Furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
  2. Charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.
- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
  - d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
  - e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.
  - f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance, repair, and fueling) that it may choose to perform.
  - g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
  - h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.
  - i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

**23. Exclusive Rights.**

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the

providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

#### **24. Fee and Rental Structure.**

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a Grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

#### **25. Airport Revenues.**

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
  1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all

revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
  3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at 49 U.S.C. § 47102), if the FAA determines the airport sponsor meets the requirements set forth in Section 813 of Public Law 112-95.
- b. **2. Responsibility and Authority of the Sponsor.**

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

That agreement and changes thereto must be approved in advance by the Secretary.
- d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary.

- a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.
- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an
